COURSE MAP

The race will start and finish near the lake. The women will run approximately 6km which includes 2 laps and 1 lap around the lake. The men will run approximately 10km, which will consist of 4 laps. Following the wet weather within Worcestershire, the course is likely to be very muddy, so we encourage runners to wear spikes.

Each lap is approximately 2.5km.

Please take a look at the route on the next page. There will be marshals along the course to direct and encourage you, if needed, along with high-vis arrows and red / white tape to mark out the course (and block off any wrong turns!).
